March 2005

## President's Corner

**Mike Bryant ([mjbryant@email.com](mailto:mjbryant@email.com))**

We just completed another Gr. Cincinnati Fly Fishing in February, and by all accounts it was a great success!! The feedback we received from everyone (attendees, fly tiers and exhibitors) was this year's Show was one of the best ever. All the feedback from the exhibitors was very positive. There was great energy at the Show all day long. We had exhibitors from seven states (as far away as Montana), the fly tying section was exceptional, the presentations and tying demonstrations pulled in great crowds, and there were lots of kids in the Kid's Corner. I am very proud of the Show, but I am most proud of the B.U.F.F. folks who put so much effort into the planning and execution. It was truly a team effort and we had a great team. Thank you all so very much!

### Having Fun

At the February dinner meeting, Bobby Gray gave a great presentation on summertime fly fishing for carp on the Brookville Lake. And at the upcoming March 9th meeting, Glenn Weisner and Wayne Sampson (Glenn River Fly Co.) will again provide a fly tying demonstration. Like last year, they will teach new techniques and flies and will certainly be entertaining. Make sure to mark your calendar for March 9, and do not forget to make your reservations on our website ([www.buckeyeflyfishers.com](http://www.buckeyeflyfishers.com)) or by phone (513-779-4489).

It's that time of the year when the B.U.F.F trips start to take place. The spring Nantahala trip will be April 28 – May 1. This is by far one of our most popular and successful trips in western North Carolina. This is a fun trip for all, including beginners. Randy Clark and Jeff McElravy are again coordinating the trip this year. Even if you have never fished the Nantahala River, Randy and Jeff have the trip organized so everyone will receive the support and help needed to be successful.

The annual Rockwell Trout Club / Chris Helm Fly Tying Seminar trip is scheduled for April 22 - 24. On Saturday we will fish at the private Rockwell Trout Club in northern Ohio. On Sunday, we will have an all day fly tying session at Chris Helm's Whitetail Fly Shop learning new flies and tying techniques. A short article inside this Buffer will provide additional information on flies that will be tied on Sunday. The trip is limited to twelve. So if you are interested, go to [www.glenriver.com](http://www.glenriver.com) (under Events Calendar) for additional information or call Glenn Weisner (419-475-9995) to make your reservations.

*Continued on page 2*

## ***March Meeting Program***

**The Glenn River Fly Co. men, Wayne Samson and Glenn Weisner, will be our speakers and expert fly tiers at the March BUFF meeting.** Those of you who have attended one of their presentations in the past will not want to miss this one, and if you have not had the opportunity to hear/see their work you will not want to miss this meeting. You are sure to learn something new and be entertained as well.

### Education

Lou Haynes will again be leading the Fly Fishing 101 Course, starting on Thursday, March 3 and runs every Thursday evening through April 14. The course is open to all B.U.F.F. members. You can attend any one or all of the sessions. It's a great way to learn some of the basics of fly fishing. The Beginners Fly Tying Course starts March 4. It's a beginner's course. You do not need experience or tools to take part in the course.

### Giving Back

At the Banquet in March, we will celebrate another great year by thanking and recognizing our 2004 Board and key leaders, followed by an introduction of the new 2005 Officers and Board of Directors and highlight our major accomplishments. We have had a truly great year where we had fun, provided an exceptional educational program and found many ways to give back. Many, many thanks to all of you who have given your time and talents. Last year's successes will certainly provide the energy to continue into 2005!!

As always, if you have any questions or comments, please feel free to email me ([mjbryant@email.com](mailto:mjbryant@email.com)) or call 513-697-9576.

## Rockwell Trout Club / Chris Helm Fly Tying Seminar Trip April 23-24

The annual spring B.U.F.F. trip to the Rockwell Trout Club and fly tying session is scheduled for Saturday, April 23 and Sunday, April 24. In addition to trout fishing at Rockwell on Saturday, we will attend an all day fly tying seminar on Sunday. You will learn to tie the following patterns:

Traditional patterns (Chris Helm):

- Thunder Creek Minnow (working with bucktail)
- Quill Body dry fly pattern (working with quill bodies and dry fly hackle)

Modern techniques and materials (Wayne Samson):

- Epoxy Minnow (working with epoxy)
- CDC Woven Body Caddis (weaving techniques)

Modern techniques and materials (Glenn Weisner):

- Hopper (working with foam and bullet-heads)
- Emerger (working with and understanding synthetics)

There will ample time to shop at Chris Helms' Whitetail Fly Shop on Sunday. This has been a very successful trip in the past and is limited to twelve individuals on a first paid-first-reserved basis. So if you're interested, go to [www.glenriver.com](http://www.glenriver.com) (under Events Calendar) for additional information or call Glenn Weisner (419-475-9995) to make your reservations.

# Nantahala River Trip

**Trout Magic – April 29 – May 1, 2005**

**Randy Clark**

If this trip is anything like those in the past – no one will be disappointed. The water and the trout are calling. Already over 25 people have signed up and there is no limit to the number of participants. Here is some information that should be helpful and the calendar of events for this fabulous trip:

When you sign-up you will receive a Trip Packet that will include all the information you need. Also, this information is posted on our web site. Typical questions include:

## ***Where is the Nantahala River and how do I get there?***

The Nantahala River is near Bryson City, North Carolina. Bryson City is 15 miles Southwest of Cherokee, North Carolina. Cherokee is on the southern border of the Great Smokey Mountains National Park. Plan on a 6-hour drive. Directions and maps are in the Trip Packet.

## ***Where will I Stay?***

*There are several motels and campgrounds in the area. A list is in the Packet. However, "Deep Creek Campground" will be our base of operations. All 8 of their cabins are being held for BUFF; they also have camper as well as tent sites. The cabins are extra nice and the price is very reasonable. The Packet contains the campground's flyer describing all the accommodations so that each party can make their own reservations. Deep Creek Campgrounds has agreed to hold all the cabins for BUFF until April 1.*

## ***What is the cost?***

We are asking each person to pay \$15.00; that covers the group dinner on Friday night as well as your name badge and prizes to be awarded at the campfire. You are on your own for your food, lodging, personal items, etc. You will, however, need a North Carolina Fishing License (3 day = \$15 & 1 year = \$30) and a Trout Stamp (\$10 – good for a year)

## ***What Equipment will I need?***

*Plenty of warm clothing*

*Personal Items*

*Rain Parka*

*Waders & Wading Stick*

*Fishing vest with leaders, tippet, nippers, etc.*

*Hat & polarized sunglasses are recommended*

*4/5 Rod would be perfect, but what you have will do*

*Matching Reel*

*Flies – a list is provided in the packet*

*Net*

*Maybe a camera- you can't take the fish but you can take pictures*

## ***What if I have other Questions?***

Your Trip Coordinators will be available before and after BUFF meetings or feel free to call Randy Clark at 513-741-8273 or Jeff McElravy at 513-221-2298. Also there are many BUFF members who have attended this trip in the past and would be more than happy to share their experiences.

**Mar. 9** – BUFF Meeting – We will have several dinner tables reserved for "Nantahalers" so that we can discuss the trip and share previous experiences. You can still sign-up. Additional "Packets" will be available.

**April 13** – BUFF Meeting – We will have a brief informal meeting of the group immediately following the formal meeting to answer any last minute questions. We will also see if there are people who would like to pair up for traveling. Nametags will be handed out.

**April 28** – Thursday – Travel to Bryson City – Take your time & take in the scenery. Maybe stop by either "Lowe's Fly Shop" in Waynesville, NC. Or one of the stores in Bryson City to get your license, maybe buy a few flies and get advice from locals. You might even have time to fish.

**April 29** – Friday – We will have an early morning group breakfast at "Family Restaurant - Ma Barkers" and an orientation meeting. We will try identifying those new trout fishers who might like some help fishing the Nantahala.

*Continued on page 4*

*Nantahala.....Continued from page 3*

In the evening there will be a group dinner catered by the campground in their pavilion and a campfire that night to tell our fish stories of the day.

**April 30** – Saturday - Fish the Nantahala or any of the other “friendly waters” in the area.

**May 1** – Sunday – Travel home (maybe take the scenic route through the Great Smokey Mountains and visit Gatlinburg. You could also stop and fish one or several of the many the streams in the National Park since your North Carolina fishing license is good there as well.

Again, MUCH more information will be in the trip “Packet”.

## **A Recent Fishing Trip Report from Florida**

### **Dave Uckotter**

Bob Goldsberry and I went fishing on Okeechobee and froze our derrières off. When we got there the temp was in the mid 70's. In the AM a cold front came thru, the temp dropped to the low 50's and drizzle and a 20 mph wind. The guide said we would be lucky to catch a half dozen fish. We had a full day scheduled and around 11 AM he asked if we would settle for a half day...We all agreed.

We got on the water about 7:30 and quit about 11:30. We caught 20 largemouth in just that short time, the largest was about three pounds and the smallest about 1-1/2 pounds. Fly fishing was out of the question with the wind so we fished with bait casters and wild shiners. Wild shiners cost \$20 a dozen, we should be in the wild shiner business, we used 2 dozen.

Bill Schroeder and I did some backcountry fishing today and had a pretty good day. The morning was slow , the afternoon was much better. We caught about 12 sea trout, 18 in or better, Three Jacks, and got into a school of lady fish and landed a fish on almost every cast. The ladyfish episode lasted for almost an hour.

Tomorrow Ed Jones and I are going to take the boat to the canals in the Fakahatchee Strand to do some largemouth fishing. It should be pretty good, the water temp is coming up and they are in a pre spawn mode.....Will catch up later. I miss all of the winter activities with the club, I wish I could be there. Dave

-----  
***Editors Note:** While bait fishing is against the principles of this publication, in recognition that both Dave and Bob are both longstanding BUFF members, and the fact that they froze while we were having an unseasonably a warm spell here up north, it was decided to publish their trip report anyways. I am sure the grief that they will receive from their fellow BUFF members when they return to the fine state of Ohio will be more than ample penance.*

## **New Members**

Please welcome Jack Anderson - Cincinnati ,William & Nancy (Hollin) Prues -Cincinnati ,Malia & Michael Borchering - Goshen , Bill Wolf Julie (Futscher) -Loveland, Tom Gribble - Loveland, Jeff Shanks - Spring Valley, Matt White - Cincinnati , Donald & Lucia Hudson - Cincinnati , Jayne Gall - Cincinnati, Dennis Phillips – Fairfield, Jim Howell – Fairfield, Lloyd & Karen (Sperry) Fields – Loveland, Bill Niehaus – Montgomery, Jim Neckers - Hamilton, Steve Stieritz - Bellbrook , Jerry & Patsy Rutledge – Milford, and Bill Hofmann – Milford to the club. We all know how anxious we were when we first joined, so go the extra mile at the next club meeting to introduce yourself and make them feel welcomed.

# The Greater Cincinnati Fly Fishing Show and Other Recent Events

## Ken West

The only thing to say about the 2005 Fly Fishing Show is that it was a great success. We had 32 fly tyers come from 5 different club's, and if that wasn't enough, there was a kid's section, educational materials, 3 fly tying demo's, 3 presentations, a great bug collection, a popper display, [thanks to Hank Gilliam], and a fly tying contest. This contest contained some of the best flies that we have seen tied in many a day. Over 20 entries were given and the winner was, Gary Begley with a great realistic spider, followed by Jim Hampton with another great realistic spider, third place went to Rick Landis for his "Nemo" fly. Other entries were close, including one fish who couldn't stop blinking its red eyes. Everyone had a good time, and it was well received by the public. The demo's and presentations were well attended at every session. A special thanks to all the BUFF tyers who participated in the show.

A special thank you to Tom Baker who ran all of the audio, and his son Josh who helped unload cars in the morning, and helped reload them back up at the end of the show. Thanks to Charlie Svarda and Bob Muro for running the fly tying contest, and to Bill Schobel and Jon Kennard for helping them. Also, thanks to Joe Cornwall who filled in when one of the tiers doing a demo couldn't make it due to an injury, and last but not least to Bill Huber, Bruce James, Larry Hake, and Paul Portwood - the guys who said, " I will help with anything you want". They worked early till late on whatever anyone asked. Their tireless help was much appreciated. Thanks to everyone who helped make it a truly great show!

The closer that we seemed to get to the Fly Fishing Show the further I got behind with my "thank you's". We have had two fly tying events and I seem to have missed the BUFFER on both of them. First, we tied at Parky's Farm with some of their folks. Nine of their volunteers and employees came and tied flies. Thanks to Charlie Svarda, Davy Jones, Larry Hake, and Bob Rohrbach for their help.

Next, was a weekend tie with N.K.F.F. and M.V.F.F. at Bass Pro Shop where we not only tied flies, but gave hand outs for our fly fishing show. Thanks to Jim Hampton, Bill Schobel, Charlie Svarda, Bill Huber, and Jeff Mc Elravy, all who helped with this event.

## Casting For Recovery 2005 OH Retreat

As many of you may have heard the CFR National office has given us the go ahead to have two retreats in 2005, one for IN and one for OH.

Our Ohio retreat will be September 30 - October 2, 2005. The location for the 2005 OH retreat will be Murphin Ridge Inn. It is a very peaceful location with beautiful accommodations and is very near Brush Creek. You can learn more about the facility at [www.murphinridgeinn.com](http://www.murphinridgeinn.com).

I'm looking forward to getting things rolling and have started to finalize the staff for this year's retreat. At the Greater Cincinnati Fly Fishing show last week we were fortunate to have two past participants visit along with some of the out of town staff members. It was great to see them all again!!

In the coming months I will once again be asking for your assistance in finding avenues for funding this and future retreats. I would encourage each of you to check with your employer and see if they have any type of grant process for you to utilize or provide me with contact info if they accept grants from the outside.

The new announcement/application forms should be available on the website for the 2005 retreat and remember you can help by simply getting the word out to those who may be interested in the retreat information.

CFR is a wonderful program and it makes me very proud to know that BUFF members are the driving force behind the retreat. I'm hoping this year that all OH fishing clubs can come together and make 2005 even more successful.

**"This is an experience I will always remember in truth,  
beauty, and goodness. Thank you all."  
- CFR Participant**

# THE BASIC CAST

## CASTING CLASSES

*Dave Uckotter, FFF Certified Instructor*

If you are a novice just beginning to enjoy the sport of fly fishing or you just want to improve your casting skills, this is the class for you! We will be having three sequential sessions beginning in May. The classes will touch briefly on rods and reels, line, leader, and tippet with most of our concentration on improving your casting skills. You will be learning to control your casting loops for the lighter flies to casting a Clouser. For the tight fishing spots we will cover the short cast and the roll cast; when your target is forty feet or more away you will learn how to shoot line and hit your target with a good deal of accuracy. Learning good line control will bring you more pleasure out of fishing, let you fish with more confidence, and most of all, you will be able to put the fly on the fish. How many times have you said, "If only I could cast over there!" Sign up for the class, have fun, and find out how to cast "Over There"!!!

**Things to bring:** rod and reel, hat, sunscreen, sunglasses or some sort of eye protection, folding chair, water, and a snack.

**Classes will be held at Cottell Park , in Deerfield Township, at the corner of Snider Road and Irwin Simpson Road.** We will meet in the backyard of the white house. **The dates are May 1, 15, and 22 from 10 AM 'till 1 PM.** These classes are sequential, so if you can't make all three catching up will be hard to do. We will be teaching new techniques every week with the students practicing during the week so they will be prepared to go on to the next lesson. Your instructors will be BUFF members who have completed the BUFF Casting Instructors Course, given by FFF Certified Casting Instructors and Dave Uckotter who is an FFF Certified Instructor.

See Tom Baker at the March or April meeting to sign up. This class fills up very quickly, so don't wait until the last minute. A \$25.00 refundable deposit is required at the time of sign-up and when you complete the course your deposit will be refunded. Make your checks out to BUFF and give them to Tom at sign-up. This class can accommodate only 12 students, so sign up early!!!

## The Education Corner

### Lou Haynes

**This month the education group will have a knot tying table set-up at the general meeting featuring three very good knots for tying flies to the tippet.** These include the Palomar, the non-slip mono-loop and the Orvis knot. Diagrams will be available for you to take. We will also have tying materials at the table for those of you who would like some on-site guidance.

**So far 32 BUFFers have sign-up for the fly-fishing 101 course that starts March 3<sup>rd</sup>.** If interested, the course outline and the sign-up sheet will be available at the knot-tying table at the next meeting. Please contact me if you have questions (513-777-4854; [bdhaynes@one.net](mailto:bdhaynes@one.net))
