

Chester Scheid's Version of The General  
Submitted by Chester Scheid

Hook: size 8 4XL streamer hook

Thread: light green 3/0

Tail and Body: tie in approx. 10 strands of orange flashabou to give a tail the length of the hook shank (3/4 in.), then wrap flashabou forward to form body within 1/8 in. of hook eye and tie off.

Tie in orange saddle hackle behind hook eye, wrap around shank three times and tie off.

Tie in wing of approx. ten strands of green krystal flash.

Tie in over wing of approx. ten strands of dark green bucktail.

Tie in over wing of approx. ten strands of peacock herl.

Tie off head and coat it with head cement.

Comments: length of fly is about 1 1/2 inches.

Species caught: largemouth bass and bluegill
