

Bully Bug

Submitted by Bob Jones

Materials listed in the order used in tying.

Hook: Mustad 9672 size 12, 10, or 8 2XL (or similar)

Wire: 0.015 lead, wrapped approx. 16 times at rear of hook shank

Thread: white 6/0

Chenille: medium yellow

Legs: medium white rubber, tied in two at a time, approx 20 mm long

Head: coat with Sally Hanson's Hard as Nails, after coating head immediately pull small hackle through eye to guarantee hook eye is open

Comments: a favorite fly of bluegill master Jerry Snider, fish it on a 5 X 7 ½ ft leader

Species caught: bluegills, crappie, and largemouth bass
